Odoo versions

Build

Full-cycle Odoo implementation, CRM, Sales, Inventory, Accounting, HR, MRP, configured around how you work.

Extend

Custom Python / OWL modules, workflows, reports and integrations, clean, documented and upgrade-safe.

Run

Odoo.sh, AWS, Docker and on-premise operations with monitoring, backups and fast support.

Why clients choose us

- ✓ Odoo specialists, Official Odoo Partner with Odoo-certified consultants.
- ✓ Functional + technical + DevOps in one team, so nothing falls between suppliers.
- ✓ GCC-ready, ZATCA e-invoicing, UAE VAT & e-invoicing, GOSI, WPS and gratuity payroll.
- ✓ Documented work, every module and server change written down for your team.
- ✓ Flexible engagement, fixed-price projects, hourly support or dedicated experts.
